Wheat Pool Local Organized.

MAY ERECT ELEVATOR AT DIDSBURY

A meeting in the interests of the Wheat Pool was held in Berscht's hall on Tuesday afternoon, at which R. A. McPherson, a director of the selling agency of the Western Pool, gave a very lengthy but interesting address.

Dave Irwin occupied the chair and introduced the speaker to the meeting, the attendance at which numbered about fifty of our representative farmers.

Mr. McPherson, in speaking to those present, went very fully into almost every phase of the work connected with their organization. He dwelt upon the various grades allowed, buying and selling, handling in transit, and methods employed in dealing with the various elevator companies buying pool wheat. The speaker emphasized the fact of the Alberta Pool having thirty-eight thousand members, covering three million, six hundred and fifty acres. They now had forty-two line elevators, and had definitely decided to build one hundred more this year, one of which would be erected at Didsbury. The Pool had obtained a lease on the big government terminal at Prince Rupert at \$100.00 rental for the year.

In three years the Alberta Pool has handled over one hundred and three million bushels of wheat. Seventy-five million bushels have been shipped by way of Vancouver involving the loading of two hundred and fifty ships. Mr. McPherson stated further that the port of Vancouver has benefited to the extent of one million, two hundred and fifty thousand dollars, a sum which represents an outlay made by the Pool in the western route.

Replying to one of those present regarding a delay in settlement on a consignment made through one of the Didsbury elevators, the speaker stated that the elevators at the head of the lakes are congested with grain at the present time. There are several thousand cars standing on the track waiting to be unloaded. Due to necessity of unloading damp and tough grain to be dried many cars of straight grain may not be unloaded for some time.

The Pool office takes only about two hours to issue the initial payment on car load grain after receiving the terminal warehouse receipt from the company which ships the grain. Any delay in forwarding the initial payment is, therefore, due to the difficulties attached to unloading grain at the terminal and in no case can the Pool be held responsible as it must receive the warehouse receipts (which are not issued until the grain is unloaded) before issuing payment.

At the conclusion of Mr. McPherson's address, the chairman introduced the subject of forming a Didsbury local, and on motion of N. S. Clark and W. J. Scheidt this was carried.

A committee was formed comprising the following: N. S. Clark, W. J. McCoy, A. O'Brien, W. J. Scheidt and J. Hughes.

In briefly proposing a vote of thanks to Mr. McPherson, N. S. Clark alluded to the cordial support which their organization had invariably received from the business men of Didsbury and expressed his keen appreciation of this assistance. The meeting then adjourned.

Finlanders Dislike Red

Will Not Tolerate Color Which Is Associated With Bolshevism

Anything associated with the color red is difficult to sell in Finland. An American automobile manufacturer consigned a large number of automobiles to Finland, and while most of the cars sold readily, 40 of them were unsaleable, owing to the various shades of red that had been used in painting the cars. They had to be repainted to invite Finnish buyers. In few countries are Bolshevists and Bolshevism so disliked as in Finland, hence the Finns' dislike of the color of red.

Instead of spending six weeks at his ranch in Alberta, the Prince of Wales is not likely to be away from England for more than six weeks altogether on his Canadian visit this summer. Although the detailed arrangements for his visit have not yet been completed the Canadian Press learns that the suggested six weeks will very likely represent the whole period of the Prince's absence from England. The Prince leaves for Canada early in August.

Will Not Discuss Armament Problem With United States

France has objected in the past to suggestions that remission of her debt might be the reward for an agreement restricting armaments. She does so on the proper ground that financial pressure cannot be permitted to determine internal policies of security. Consequently, when she replies to President Coolidge that she prefers to seek a solution of the armament problem by considering land, sea, and air questions together, and through the League of Nations, to which the United States does not adhere, she means just one thing—she means that she thinks she has nothing to gain from America and something to gain in Europe.—The Outlook, New York.

A Nova Scotia Lady Tells How
She Found Relief

Among the well-known residents of Nineveh, N.S., is Mrs. William Silver, who tells for the benefit of other sufferers how she found relief from a severe attack of rheumatism. Mrs. Silver says:—"In the early fall of 1926, I contracted a cold which developed into a severe attack of muscular rheumatism. In fact, it almost totally disabled me, and I suffered great agony most of the time. After trying in vain to get something to relieve me, I decided to take Dr. Williams' Pink Pills, which I had heard highly recommended. I may say that the quick relief they afforded really surprised me, and after taking some six boxes of the pills, every twinge of the rheumatism had gone, and I am now feeling better than I have been for some years past. The pills not only banished the rheumatism, but helped me in many other ways."

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness and stomach trouble. Take them as a tonic if you are not in the best of physical condition and cultivate the resistance that will keep you well and strong. Called "Funny Face" Cried Self To Sleep

Miss Gussie Frutczweig, Bronx, N. Y., writes: "For months I tried in vain to clear my face of horrible pimples. Once I overheard my dearest friend refer to me as 'pimple-face' and everyone laughed. I cried bitterly. I read about CARTER'S LITTLE LIVER PILLS being used successfully to clear complexions when due to the poisons from constipation and finally tried them. Well, my picture tells its own story, doesn't it?"

CARTER'S LITTLE LIVER PILLS move the bowels in a gentle manner free from pain and eliminate the poisons of constipation from the system. These poisons, unless removed, are absorbed by the blood and appear in the form of skin eruptions and blemishes. CARTER'S LITTLE LIVER PILLS in red packages, 25c. and 75c. CHAPTER XXXI

The Challenge

Two cars crept upwards along the tortuous road that climbed the mountain. Kenilworth's red roadster, with its master at the wheel and Joanna settled snugly beside him in the single seat, glided silently from the streets of Monte Carlo, into the shrub-lined avenue that narrowed gradually until it became barely more than a path sloping sharply toward

and villa which, on moonlight nights, make this road up La Turbie one of the beautiful drives of Europe.

"One who climbs the hill tonight, Master, must have a steady nerve and a purpose," said the Monegasque who guided the car in which Brandon rode.

"If the purpose is worthy of the nerve, the effort is worth while," Brandon returned. "One man's object is a woman, another's may be gold. I imagine your nerve would not fail you in either case."

Almost at the same instant a disc of pale yellow light shown through the mist—"What was that?" Joanna asked.

the summit of the hill. Ahead of them Brandon, muffled in tweeds covered by a black domino, sat beside an evil, heavy-jowled Monegasque who steered a much larger car than Kenilworth's. The purple mist, hued vaguely now that the twilight had gone, blotted out the lights of town.

Is Your Stomach Troubling You?

Mrs. W. H. Skyring

Guelph, Ont.—"There is nothing better as a building tonic and blood medicine than Dr. Pierce's Golden Medical Discovery. Several times when I was run down, suffered from weak stomach, thin and impoverished blood, I took the 'Golden Medical Discovery' and always obtained good results. It enriched my blood, relieved me of the weak stomach, built me up in health and made me feel like a new person. I also found it a splendid tonic to take following motherhood to give me strength. I always recommend Dr. Pierce's medicines to those whom I find ailing for I know them to be just as advertised."—Mrs. W. H. Skyring, 62 Nottingham St.

of your invitation to a battle between us tonight? If you are, it is useless. There will be one thing or another; joyful, glorious, restful, beautiful; or, so far as I am concerned, empty and, in that event, meaningless to you."

She was silent, motionless, for a time. Then: "How are we going about it, Roddy? You are to tell me that you love me, want me, and recite all those rituals of adoration for which you are distinguished. That much of course, I am to measure you and measure myself. That will be the obvious program. But there must be some new note. What shall it be?"

He guided the car back into the road, satisfied that the bigger, that had been ahead of them would have gone a safe distance beyond. "You are, in yourself, the one overwhelming new note," he declared then. "You and the whim of you to throw your colors at my feet and challenge me to fasten them to my shield—if I can. I've never experienced that before, from a woman. They've done it, of course, but they thought they were furtive about it."

"I don't believe in being furtive," she returned. "It used to be the fashion, and the custom, I know. But what's the use? Any woman always knows what another woman thinks. And every man knows what his brother wants. They pretty well know what they think about each other—every woman and every man. So much has gone wrong in the world, it seems to me, because people have always tried to make a mystery and a game out of the plain and commonplace. It's more fun to be honest. If a girl builds a wall round herself she always leaves an opening that she can peek through. That's the breach through which a man conquers her. If she's weak. So why have the wall? I think it's better to stand out in the open—better for the girl, I mean. She can see what's coming at her, then, and be ready for it."

"So you have decided to put your arms down and tell me I may have whatever I can win? Just why, if it's not asking an advantage, have you chosen me?"

As was her way, at times, she considered this quietly. He waited, apparently intent upon keeping his car safely away from the ledge at the outer side of the road. At last she answered him:

"It's because you're straight, Roddy. Straight, according to your standards. You've never fooled me, nor concealed your desire of me since that night at Yvonne's back in New York, when I asked you to wipe John's accusing kiss from my lips with a warmer one from yours. I knew enough then, thanks to what I'd learned of men, to realize by the feel of your arms that you would be determined to hang me up, if you could, with your other trophies—as you would any woman who'd make herself interesting to you. And you've never tried to deceive me. You've even amused me, tremendously. Now I'm wondering if, after all, I haven't been deceiving myself."

She paused, but Kenilworth did not speak. He thought she would go on, and presently she did.

"John has done a big thing. When his opportunity came to him he went up like we are going now, through the mist, straight toward the end of a beautiful rainbow. He tells me I've been just a fizzle—and I suppose he's right. His pride and his triumph doesn't fit in with his loving me because, he says, I've wasted my time gilding the clouds with tinsel. Betty Weymouth is convinced I'm not worthy of Teddy Dorminster who's not like you, Roddy, because he wants to marry me. And I suppose I'm not worthy of whoever it was who gave me my money, for he has never revealed himself. So it may be that I'm worth only the kind of thing you've been wanting to give me—the sort of thing you gave Yvonne."

"When I was Twenty-seven of the silks I was what I thought it was smart to be—bold enough to let everybody know I was a girl, that I enjoyed being a girl, unashamed to take everything I dared accept out of unfettered girlhood. Perhaps short skirts and scarlet lips and too much knowledge of things as they really are does spoil a girl inside as much as some people say they do outside. Go ahead, Roddy, and find out—for me. I'll fight you like the devil, but I want to know if you and what you represent can win; if you do, John wins; Betty Weymouth wins; everybody wins!"

"Are you wondering," he asked, "what is to be the outcome of—well,

When she finished she put her hand against Kenilworth's coat. He felt it slipping into his coat pocket and resting there. When he would have spoken he realized that a long time had passed; that he had been holding himself stiffly, trying to absorb the feel of the hand that snuggled in his pocket and determine whether it rested quietly, or trembled.

Little Helps For This Week

God shall supply all your need. — Phil. iv. 19.

I look to Thee in every need,
And never look in vain;
I feel Thy touch, Eternal Love,
And all is well again;
The thought of Thee is mightier far
Than sin and pain and sorrow are.

Discouraged in the work of life,
Disheartened by its load,
Shamed by its failures or its fears,
I sink beside the road;
But let me only think of Thee
And then new heart springs up in me.
—Samuel Longfellow.

Thy God shall supply every need.

Pa's New Housekeeper.

Under the auspices of the Rugby W.I. a play and program was given at Melvin on Friday, March 18th. The program was the best attended function which the W.I. have put on for some time. They are pleased with the results of their efforts and Melvin has come to the fore as a centre to gather a crowd.

The program consisted of solos, recitations, quartettes and instrumentals by local and out-

side talent. The Didsbury seven piece orchestra rendered several selections which were greatly appreciated.

But the feature of the evening was the play of the above title, which was presented in splendid form by Melvin and Rugby actors.

The role of Pa's New Housekeeper was taken under gown and wig by Wm. Brown.

Molly the sisters friend, erstwhile dignified maid and offended lover was played by Mrs. Wm. Brown.

Mattie the interfering nattering daughter was taken by Mrs. A. Krebs.

Ross Youngs playing the part of lover and son tried to help smooth over his dad's whims and helped himself into a peck of trouble.

A. Krebs as father stamped, raved and carried in the most approved widower fashion.

The proceeds which amounted to \$45 goes to the W.I. treasury. After lunch was served the younger and older generations mingled to trip the light fantastic, bump and tramp the corns of other trippers on a very crowded floor.

A SOLID TRAINLOAD of MARVELUBE

Last week, the largest single shipment of motor oil ever made in Canada—a solid train-load of twenty-six cars of Marvelube Motor Oil—pulled out of our Sarnia Refinery for delivery to Imperial service stations and dealers in Western Canada.

This train was made up of eighteen carloads of Marvelube in bulk and eight carloads of Marvelube in barrels, drums and cans, ordered for Spring delivery to supply this year's initial demands of the motorists of Manitoba, Saskatchewan, Alberta and British Columbia.

One year ago Marvelube was unknown to the motorists of Canada! Today the demand for this "finest of all motor oils" is such that a record-breaking oil shipment is necessary to fill the orders of dealers serving the needs of only one section of the Dominion.

This huge demand for Marvelube

has been created by the satisfactory lubricating results given by the oil in practical use during 1926.

From the Atlantic to the Pacific across Canada, 200,000 motorists are now using Marvelube regularly and exclusively.

No other oil ever won, by sheer merit, such a huge number of satisfied users in so short a time. No other oil could, because Marvelube, used regularly in the proper grade, always proves itself superior on every basis of comparison to any other motor oil sold in Canada.

This year, start your car off on the correct grade of Marvelube Motor Oil. You will get improved operation with more power and smoother, cooler running, and as the month passes you will realize the operating economies which Marvelube so unmistakably brings by the better lubricating results it gives.

British vs. Foreign Born

The subject of immigration to Canada is, it is gratifying to note, engaging the attention of the people of the Dominion to an ever increasing extent. A very real interest is being aroused, and this interest is not confined to Canada, but is much in evidence in the British Isles. This growing interest is occasioned, not only because of a realization of the fact that one of Canada's national requirements is a larger population, but because it is becoming increasingly clear that in the present and succeeding years, Canada will be the mecca of the surplus population of older and more congested lands.

Much of the discussion around this subject is as to the effect of this larger influx of population upon the future character, ideals and national view point of the Canadian people. Fears are expressed in some quarters that non-English speaking peoples will swamp the native Canadians and the British-born, with a resultant gradual weakening of the ties binding Canada to the Empire, and the possible introduction of customs and ideals not wholly acceptable to those of British descent. It has been argued that Canada should restrict immigration to men and women of British descent.

While it will be generally admitted that greater encouragement should be given to British immigration than to immigration of other races, it is a pity and a grave mistake that people strongly urging this view should indulge in mis-statements in their references to the present composition of Canada's population, and more particularly the racial classifications of the people of the Western prairie provinces.

Speaking before the Canadian Club of Vancouver recently, Mayor Webb of Winnipeg is credited with making the statement that fifty-five per cent. of the people of the prairie provinces were non-British. It would be interesting to have Mr. Webb submit some proof in support of such a statement, because the official census figures do not support him.

At a meeting of the Women's British Immigration League held in Saskatoon a few weeks ago, the even more astounding statement was made that "after a careful study of statistics" it was established that Saskatchewan's population was 75 per cent. foreign born and only 25 per cent. British, and a Saskatoon paper headed its report of this League meeting with a two-column display declaring "Province's Population is 75 per cent. of Foreign Extraction."

In view of the circulation of such misinformation from what might well be accepted as authoritative sources, it is well that the actual facts should be given wide publicity.

According to the census of 1921 the population of the three prairie provinces was 1,956,982, and was officially classified as follows.

	Born in Canada	Born in British Possessions	Born in U.S.A.	Born Elsewhere
Manitoba	257,746	113,114	21,644	87,614
Saskatchewan	457,833	199,355	87,617	111,705
Alberta	315,090	99,392	99,879	74,093
Total	1,030,669	411,861	209,340	273,412

In other words, out of a total population of 1,956,982, no less than 1,473,539 were British-born, either in Canada or in Great Britain and other British countries. That is, a little better than 75 per cent. were British-born as compared with less than 25 per cent. non-British, a contrast to Mayor Webb's figures of 55 per cent. non-British and only 45 per cent. British.

The figures used at Saskatoon relative to Saskatchewan should just be reversed—75 per cent. born under the British flag and only 25 per cent. under all other flags being the correct classification.

It is a well known fact that thousands of our people classified as born in the United States are the children of Canadians who emigrated to the western middle states in the eighties while other thousands are of British descent.

Canada is British and British to stay. The Anglo-Saxon has demonstrated his ability to assimilate other people as no other race has done, and here in the West we know that most of our non-British people have a high regard for democratic British institutions, a real appreciation of British liberty, and a deep respect for British law. They are glad to have their children educated in regard to these things, and in a generation or two it is well nigh impossible to distinguish them from those of British descent, except for the surnames they bear.

British people themselves are the result of an intermingling of races, and in the melting pot of Canada there is every reason to believe that the Canadian people of the future will be one of the finest, sturdiest, most moral and intelligent races in the world.

Strange Performance Staged in Moscow

Remarkable Parade Was Grim Reminder of Czarist Days

Moscow witnessed one of the strangest theatrical performances in history recently. Dressed in striped prison garb and shackled with chains and handcuffs and with shaved heads, 300 actors paraded the streets of the capital guarded by Cossack prison wardens carrying knouts and swords. The purpose of this grim procession was to show the present proletarian public how political offenders were punished in Czarist days and dignified the tenth anniversary of liberation from imperial jails of professional revolutionists.

Each "convict" wore on his back a large ace of diamonds which in pre-revolutionary days was accepted as a symbol of degradation and opprobrium. The entire company proceeded to the Meyerhold theatre where they gave a drama, based on prison life under the emperors.

MAKE CARE OF BABIES EASIER

Stomach disturbances and constipation are responsible for much of the peevishness of babies and young children. When the baby is cross or irritable the mother should not resort to so-called soothing mixtures to correct the trouble, for in the majority of cases these mixtures simply drug the child into an unnatural sleep. What is needed is a gentle laxative that will sweeten the stomach and regulate the bowels. Such a remedy is found in Baby's Own Tablets. They are easy to take and guaranteed to be entirely free from opiates and narcotics. Concerning them, Mrs. Jos. Toussaint, Ste. Sophie, Que., writes: "I would like all mothers to know that I feel there is no other medicine to equal Baby's Own Tablets. I always keep a box in the house and their prompt use never fails to restore my little ones to health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Rural Mail is Heavier

More Use Being Made of Postal Reduction Than Was Anticipated

When penny postage was inaugurated through the budget of last year it was estimated by the minister that the loss in revenue from the decrease in the former three cent rate would be approximately five million dollars.

It is stated that, while there has been little increase in the volume of business letters, the return to penny postage has quite appreciably stimulated letter mail in the rural districts, and that as a result the decrease in revenue will be, not five millions, as estimated, but about two and a half millions.

The department will show a considerable deficit for the current year, but not nearly so great a deficit as expected.

Princes Fond of Jazz

Though jazz is not popular with the senior members of the royal family, the juniors greatly enjoy it. The Prince is a skilled and enthusiastic trap-drummer, and Prince George is a virtuoso on the same very modern instrument. Prince Henry, however, has more classical tastes and eschews the negro melodies for opera and symphonies.

"Worth its weight in gold" Says Ottawa Matron

Mme. Beatrice Charlebois could not hold pen to write. Nerves completely shattered, health ruined. Now alert, vigorous and strong, she gives praise to Tanlac

The two-year ordeal which she passed through before Tanlac came to her permanent relief, was recently described by Mme. Beatrice Charlebois, of 22 Rose St., Ottawa.

"What I endured in that time could not be told," she said. "I was so weak I could hardly walk. My appetite was poor and my stomach gave me no end of trouble. Gas and pains would bring on fainting spells."

"My nerves were so completely shattered that I jumped in fright every time the doorbell rang. My hand trembled so that it could not hold the pen to write my name. Night after night I've gone without sleep, too nervous to lie still for even a few moments. Even my housework became too much for me."

"I tried all kinds of remedies in those two years, but can honestly say Tanlac gave me my first real relief. It built me up so that I've gained 11 lbs., eat and sleep fine and have nerves as

calm and steady as ever. Tanlac is worth its weight in gold." Build up your health on Tanlac, nature's own tonic made from roots, herbs and barks. Your druggist has it. Over 52 million bottles sold.

New Place Open For Canada

Can Have Seat on Geneva Council Says Herbert Holt

The universal esteem in which Canada is held throughout the world is liable to bring the Dominion face to face with the question whether or not she will accept a place on the council of the League of Nations, Sir Herbert Ames, financial director of the secretariat of the League of Nations, told the Ottawa Canadian Club.

He predicted that in a short time it will be demonstrated that if Canada wants a seat on the council she can have it with the goodwill of all the members of the League.

This goodwill, he added was deserved because Canada had always played the game and taken her full share of responsibility in connection with league matters.

There existed at Geneva, he added, an atmosphere for peace and the men who were making international reputations were the men who came to Geneva ready to make concessions.

Sir Herbert summed up the change that had taken place by declaring that fear had been replaced by security, force by compromise, despondency by hope and co-operation had replaced competition.

Her Kidneys Were In Pretty Bad Shape

Manitoba Lady Tells of Benefits Received From Dodd's Kidney Pills

Mrs. J. D. Beattie, in a Few Words Gives Reason Why Dodd's Kidney Pills Are So Popular.

Minnetta, Man. (Special)—"My kidneys were very bad and I felt as though I did not want to do anything but sit around. I thought I would try Dodd's Kidney Pills, which I did, and they helped me very much. After taking two boxes I began to feel well again, and now my kidneys are fine."

What Mrs. Beattie states is all that has ever been claimed for Dodd's Kidney Pills—that they are good for sick kidneys. The road to good health lies through the kidneys. If they are kept strong and well, all the impurities are strained out of the blood. If they are weak and out of order the impurities stay in the blood and disease is the sure result.

Dodd's Kidney Pills keep the kidneys in good condition to do their work of cleaning and purifying the blood.

Weak, nervous, run-down women should give Dodd's Kidney Pills a trial at once.

CONSIDER PLANS FOR CELEBRATION OF JUBILEE DAY

Ottawa.—At the first meeting of the National Committee for commemoration, held here, formal organization was carried out, officers were elected and numerous suggestions were received as to the form the celebration should take.

A suggestion that His Majesty the King should open the celebration by touching a signal in London, immediately after which the new carillon in the tower of the Parliament Buildings would ring out, and be broadcast, to let all Canada know of the nation's 60th birthday, was considered and practically approved.

During the discussion, M. J. Coldwell, president of the Canadian Teachers' Federation, said that great attention should be paid to the share of children and young people in the jubilee celebration. He said that the organization he represented was not greatly in favor of spending a large amount of money on parades and fireworks.

George Edwards, president of the Canadian Council of Agriculture, said he believed he expressed the views of organized agriculture when he urged upon the committee that the celebration should not be predominantly military. There should be pageants where the achievements of the pioneers should be portrayed.

The draft of the organization of the corporation, consisting of the committee, approved by act of Parliament, was agreed to. A vote of thanks was expressed to Lord Willingdon and Lady Willingdon.

In replying, Lord Willingdon stated that he was proud to be a citizen of Canada at the present juncture and that he, and Lady Willingdon, would join in the work to make the commemoration most successful.

Unemployment Insurance

Labor Member for North Winnipeg Introduces Resolution

Ottawa.—A resolution declaring that the committee on industrial and international relations should be instructed to investigate and report on the establishment of a system of insurance against unemployment, sickness and invalidity was discussed in the House of Commons.

A. A. Heaps, Winnipeg North, Labor, the mover of the resolution, said in opening that he did not expect the committee would be able to report on the matter this session or perhaps for two or three sessions. It was a big undertaking requiring extensive investigation.

A royal commission, Mr. Heaps said, had been appointed in Great Britain to investigate unemployment insurance and had reported recently that this form of insurance was now a permanent feature in the social life of Great Britain. The act had not been abused in Great Britain according to the commission.

Mr. Heaps stated the tariff board afforded industry in Canada an opportunity to ask for increased protection.

The human element in industry, however, was not given any protection.

Rome.—Lu Cheng Hsiang, former premier of China, who is an ardent Roman Catholic, has renounced worldly honors and sent the Pope a case containing his high civil, military, and diplomatic decorations awarded him during his long diplomatic career. Along with the decorations the veteran Chinese diplomat sent the Pontiff a letter informing him of his decision to retire to private life and renounce all mundane pomp.

Planning British Hollywood

Great Interest Being Taken in New Concern Capitalized at \$5,000,000

London.—Plans for founding a British Hollywood already have been started by British motion picture producers, elated over the prospective passage of the bill now before parliament to foster British motion picture production.

"British Incorporated Pictures, Limited," is being formed to promote the British Hollywood. The new concern, which is capitalized at \$1,000,000, plans to promote British pictures on an empire wide basis. It is stated noted artists, authors, and actors are actively interested, including John Galsworthy, Arnold Bennett, Frank Brangwyn and Sybil Thorndike.

Extensive modern studios are to be built near London and directors are to be borrowed from American organizations on a reciprocal basis. Five year options on the film rights of stories by fourteen well-known authors have been secured, it is announced. These include Arnold Bennett, John Galsworthy, Sir Hall Caine, Sir Arthur Conan Doyle, Eden Philpotts, Sir Philip Gibbs and Rafael Sabatini. Affiliated companies will operate throughout the empire.

Asks Five Millions

To Leave Shanghai

Defender of City Willing to Come to Terms With Nationalists

London.—With the Nationalist forces in China keeping up their intensive struggle to surround and isolate the important Nanking position from Shanghai, comes a report from Shanghai that General Chang Tsung-Chang, the Shantungese defender of that city, has offered for a large money consideration to evacuate the terrain he holds and thus save the region from becoming a zone of actual hostilities.

Chang desires about \$5,000,000 for retiring into the province of Kiangsu, says a despatch to the Westminster Gazette. If the amount is not forthcoming, it is asserted he intends, if necessary, to retreat upon Shanghai itself, thus bringing the prize city of the Orient into the struggle for mastery between the northerners and southerners. According to the correspondent Chinese merchants in Shanghai are said to be unable or unwilling to raise the huge sum demanded.

Anxious To Prevent Wars

League Interested in Keeping Peace Among Non-Member Countries

Geneva.—The League of Nations is interested in preventing the outbreak of any war, regardless of whether the nations concerned are members of the League. This was made clear in a report adopted by the League council committee engaged in interpreting the league covenant as an instrument for preventing war. No nations are named in the report but it indicates that any dispute, even though it involves the United States, Mexico, Turkey or any other non-member, becomes a matter of concern to the council. That body should study the advisability of bringing into play all preventive measures including aerial and naval demonstrations against the state which adopts a hostile attitude.

Explorer Leaves for China

Roy Andrews Will Probe Secrets of Gobi Desert

Seattle, Wn.—Roy Chapman Andrews, noted explorer has sailed from here en route to China again to ferret out the secrets of the Gobi desert, which he believes was the "cradle" of mankind. The unsettled conditions in China make the date of his departure from his headquarters in Peking problematical, but the expedition will be prepared to push its way over the age old caravan trail to the desert as soon as the situation warrants.

On his last trip into the region, Andrews found dinosaur eggs estimated to be millions of years old.

Advocates Alberta Line

Ottawa.—Hon. C. A. Dunning, Minister of Railways, intends to bring down a bill to extend for two years the time for the completion of the joint section of the Canadian National branch line from Rosedale, southwesterly, Alberta.

WOULD CREATE A SELLING AGENCY FOR LIVE STOCK

Edmonton.—Establishment of its own selling agency and freedom from any "entangling alliances with our sister provinces to the east until such time as they are ready to accept their share of the responsibility and burden of developing co-operative marketing on a wider basis," is recommended in the directors' report presented at the second annual convention of the Alberta Co-operative Livestock Producers Limited here.

The creation of this selling agency for the livestock handled by the Pool, it is stated in the report, can be financed by the Board by taking advantage of the deductions for reserve fund as provided in the Pool contract.

While it is generally understood that this new arrangement, if brought into effect will result in severing the connection which for some time has existed between the Alberta Pool and the United Livestock Growers with head offices in Winnipeg, officials of both organizations are reticent as to the possible effect of the move on the future of co-operative marketing in this province.

Gold Seekers Stake Claims in Blizzard

Another Rush Started to New Area in Nevada

Tomopah, Nevada.—The land of gold at Weepah held ever-increasing numbers in its spell, as novices and desert rats alike, heard the news of the latest discovery at Barrel Springs, five miles to the south. Two hundred men and women struggled through a whirling mountain storm from Goldfield to Barrel Springs, and stakes out claims in the new area.

The rainbow chasers plunged out through the night while the gale arose to such strength that it blew the storm doors and plate glass windows out of the Goldfield hotel.

The temperature was 13 degrees below zero, with a forty mile an hour wind whistling across the wastes of sage and sand.

The rush to the new district began before daylight and long after dark the last stragglers began to reach shelter here. Miners at the gold zone, a lead mine 15 miles from Weepah, threw down their tools and joined in the dash.

The latest discovery is reached from the head of a precipitous canyon, where a geologist found ore assaying \$78 to the sack, at a depth of 20 feet, in an old shaft.

Prince Wins Guards Race

Bicester, Eng.—The Prince of Wales, riding one of his own hunters, won the Lord Manners' Cup in the Grenadier Guards regimental point-to-point races at the Bicester hunt meeting. There were fourteen other entries. The prince rode a well judged race and finished a length ahead of the second. He was given a great ovation by the crowd.

H. B. Road Pushing Ahead

Steel Now Within Eighty Miles of Port Nelson

Winnipeg.—Laying of steel for the Hudson's Bay Railway is now across the Limestone River and within 80 miles of Port Nelson, is the report brought here by Constable E. P. Warren of the Pas division of the provincial police force. He reported that work was progressing very favorably under ideal weather conditions.

Constable Warren has just returned from a long patrol into Manitoba's hinterland, seeking evidence as to the alleged poisoning of game by trappers.

During the trek, Constable Warren ran short of food and subsisted for several days on dog biscuits and tea. He also reported that he was compelled to destroy four of his huskies owing to lack of rations.

Infantryman and Rifle Are Most Important

Nothing Has Been Invented to Replace Them in Warfare

Ottawa.—Among "all the instruments of warfare which have been invented during and since the last war there is nothing to take the place of the Infantryman and his rifle," was the keynote of the report of the council presented at the annual meeting of the Dominion of Canada Rifle Association here. A feature of the council's report was the recommendation of the treasurer that careful consideration be given the suggestion that the size of the team representing Canada at Bisley be reduced from two officers and 18 shooting members to two officers and 15 shooting members. The suggestion was made in view of the increased cost of ocean transportation.

Plan To Visit Provinces

Canadian League Members Will Wait on Ministers of Education

Ottawa.—Deputations to wait upon the ministers of education in each of the nine provinces of the Dominion are being organized under the aegis of the League of Nations Society of Canada with a view to getting definite instruction on the origin, aims and work of the League of Nations included in the curriculum of the elementary schools throughout Canada, it became known here.

A special committee under the chairmanship of Senator H. A. Belcourt has been dealing with the matter.

Saar Compromise Plan

Berlin.—Foreign Minister Stresemann's acceptance at Geneva of a compromise plan for policing the Saar Valley after the withdrawal of occupational troops was unanimously approved by the cabinet. His policy regarding the status of Germans in upper Silesia also was upheld.

Paying on War Debts

London.—French and Italian governments each paid \$2,000,000 recently to the British Government on their war debt accounts.

THE OUTLOOK FOR IMMIGRATION IS VERY FAVORABLE

Ottawa.—Immigration prospects in the present year are considered particularly favorable in view of the extensive activities of the Department in connection with which Hon. Robert Forke is going to Europe at the conclusion of the session. Every arriving ship is full of intending settlers.

The Department has just renewed the agreement with the Canadian Pacific and Canadian National Railways whereby representatives of the companies are to continue, on the continent, the selection of a hand picked class of immigrants to engage in work as farmers, farm helpers and domestics. The Department is to accept the certificate of the railway representatives as to the occupational fitness of the immigrants for the particular work to which they will be directed, while the companies also guarantee to locate the new comers in positions.

For the purposes of the agreement, which is to be a three-years continuance of the existing arrangement, expiring next September, Europe will be divided into three areas, the principal one being the British Isles, France, Belgium, Germany, and the Scandinavian countries. People coming from those countries will not require the certificate of occupational fitness but more rigorous condition will be applied to the others.

When the minister of immigration is in Great Britain he will take up with the British authorities the question of extending the application of the plan of assisted immigration under the soldier's settlement plan. This is largely a problem of securing the necessary land and, in that connection substantial tracts are being offered at very low rates by the railways and the Hudson Bay Company. The whole immigration outlook is considered to be most favorable.

Workers Risked Lives Rescuing Entombed Man

Was Trapped Thirteen Hours When Side Caved In

Faques Springs, N.C.—Entombed for thirteen hours in a 70 foot well Jeff Ashworth who had been pinned by caved in walls forty feet down in the well was extricated after a group of rescue workers dug away the debris all night by the light of automobile headlights, farm lanterns and candles.

Ashworth was placed in the hands of physicians when he was rescued. He said that he rested easily for the last five hours of his entombment.

When the rescuing party pulled Ashworth out he was exhausted but no outward physical injury was indicated.

As soon as Ashworth's plight became known a crowd of volunteers assembled and began removing the rock caving of the well. In shifts of three men each the rescuers were lowered into the hole and as fast as they could fill buckets the debris was drawn to the top.

Police Hunt for Poison

Boxes Lost Off Hospital Van Picked Up By Children in London Slums

London.—Squads of police worked feverishly all one night trying to recover 264 tubes of powerful poison which fell off a hospital van in London's east side. The tubes were picked up by small children who used them for playthings.

All night the police trailed the missing tubes from one child to another and by noon had recovered 200. The tubes were packed in bright orange colored boxes which made them very desirable toys in the eyes of the poor children of the section.

Inserted Without Authority

London.—Advertisements appearing in newspapers in Scotland stating that the Canadian Government guaranteed employment to emigrants throughout the year were inserted without approval of the Canadian authorities. Hon. L. C. M. Avery, Dominion Secretary stated in the House of Commons that steps were being taken to amend the situation.

Thousands Welcome White Empress

Over 10,000 people lined the coast at Vancouver to welcome the Canadian Pacific Empress of Canada, flagship of the Pacific fleet, when she steamed into her home port from the Orient recently, glistening in her new garb of white paint. She was escorted by several Canadian Government seaplanes.

The decision of the Canadian Pacific to make their entire Pacific fleet white, has met with approval in the shipping world and also by passengers with whom these giant trans-Pacific liners are popular. They will be known as the "White Empresses of the Pacific" and make a beautiful picture steaming through the blue waters of the Pacific.

Church Announcements

EVANGELICAL NOTES.

"That must mean me"

By order of the Evangelical Board of Bishops at the recent General Conference, "Evangelism" is to be our denominational slogan for 1927. The need is self evident. Interchurch statistics show that at present 12,000,000 young people in Canada and the U.S.A. have absolutely no church connection. Over 7,000 of these have never darkened a church door. 2,500,000 teen age boys and girls are annually drifting away from the church and in this group there are in America today, 600,000 fallen girls. Do these facts startle you? Then "go" and "win one." Of all the year, the pre-Easter season is undoubtedly the time best suited for special effort along this line.

Next Sunday is our last Sunday in this Conference year. Then comes the reckoning and summing up of our stewardship during the past year. We hope for a good report financially and otherwise from every department in the church. The time and place of the annual business meeting will be announced on Sunday.

KNOX AND WESTCOTT UNITED CHURCH.

Sunday March 27—"The Christ of the Indian Road."

Nine years ago in the National Congress in India, a Hindu gentleman in addressing the Congress used the name of Christ. There was such a uproar and confusion that he had to sit down unable to finish his speech. That name of Christ stood for all that India hated, for He was identified with empire and foreign rulers. But since that time India has seen that it need not accept western civilization in accepting Christ. It is turning its attention to Him alone, and one does not exaggerate in saying that Christ is getting the finest minds in India.

An outstanding missionary E. Stanley Jones has written a book entitled "The Christ of the Indian Road." This is regarded by many as the greatest book of its kind in this century. One who will study this book will be left with a spiritual deposit that will never be lost. Come and hear its message.
